Submission Instructions

Offerors may be firms, qualified individuals, or consultant teams. Responses to this REI must include all of the following elements (the Letter of Interest is supplemented by the additional material).

1. ***A letter of interest*** (no more than three pages) that demonstrates the offeror has a clear understanding of the issues associated with this project and communicates the offeror's ability to complete the scope of work as required.

There is no need to repeat the required scope of work in the letter of interest. Any exceptions to this agreement must be clearly identified in the respondent's letter of interest.

2. ***A project budget, with a lump sum, not to exceed price proposal for each project component, broken down by project task, including all costs anticipated.***

Hours and hourly wages by task should be included for all personnel. This should be completed for both the lead consultant and any sub-consultants, if they are utilized for the project. The Department of State and Town of Tupper Lake have budgeted \$40,000 for consultant services for this project. This should be considered the maximum amount for the contract. In addition, a ***project schedule*** should also be provided.

3. ***A management plan identifying the consultant personnel*** who will be working on the project ***including resumes***. The project manager should be clearly identified. If a team of firms is responding to this REI, please include the resumes of the personnel working on the project for the lead firm as well as all sub-consultant firms. Please ensure that the titles of the identified personnel match those on the resumes and in the price proposal described above in Number 2. Failure to properly identify personnel significantly reduces the credibility of the proposal.
4. ***Examples of relevant previous work*** that demonstrate that key personnel identified in the management plan have the experience and inter-personal skills to perform the required tasks. A one to two page summary of comparable projects should be included, along with examples of completed work assignments and comparable projects that demonstrate the experience and ability of the personnel assigned to the project. Stressing experience in unrelated activities is not encouraged and may leave the impression that the offeror does not correctly grasp the project's scope. Reference contact information is required.
5. ***Statement of respondent's effort to comply with the State's MBE and WBE goals.***
